Idk. Currently my phone can't do it. I'm getting a new phone in about a week and if I can download the app and make a fake cover for it before my mom checks the apps then yes.

nevermind then XD

my mom doesn't go through my phone (she threatens to but she never does) but she did make it so I could only go on games for an hour a day, which is annoying because once that runs out, it locks my spotify too and I can't listen to music. She did it to all my siblings phones but since my brother is 18 he can bypass it with a password and just continue using stuff. I think it's really annoying because he's the one who needs the restrictions the most but he's the one that can bypass it.

My interview went great! This is going to be my third year working there so we pretty much just talked and got caught up with each other and about what position I'd be in.

Oh god no I'm no good as an actor, I did help behind the scenes and for tech. I changed more lightbulbs than I can count and helped move a bunch of stuff, but you'd catch me dead before you see me onstage. I did go to see it though, and it was amazing! It shattered my expectations. Most of the theater seniors were in it and for many of them it was their last show. We're losing a lot of talent this year after graduation, but they all have bright futures ahead of them. How was yours?

Here look I'm weird

Opening, 4-Witch: When your mother was with child, she developed an unusual appetite. She took one look at my beautiful garden and told your father that what she wanted more than anything in the world was...
Greens, greens, and nothing but greens. Parsley, peppers, cabbages and celery. Asparagus and watercress and fiddle ferns and lettuce. He said, "all right," but it wasn't quite, 'cause I caught him in the autumn in my garden one night. He was robbing me, harassing me, rooting through my rutabaga, raiding my arugula, and ripping up the rampion, my champion, my favorite! I should have laid a speed on him right there, could have turned him into stone, or a dog, or a chair....But I let him have the rampion, I had lots to spare. In return however, I said fair is fair. You can let me have the baby that your wife will bear. And we'll call it square.

Opening, 5-Witch: I thought I had been more than reasonable. But how was I supposed to know what your father had also hidden in his pocket?
Baker: What?
Witch: Beans.
Baker: Beans?
Witch: The special beans. I let him go I didn't know he'd stolen my beans. I was watching him crawl back over the wall when Bang! Crash! The lightning flash! But that's another story, never mind anyway..

To be continued
